

America's Most Trusted Glazes™

Potter's Choice Combinations

Blue Midnight PC-12 as a Base

Josh Heim created these Potter's Choice Combination Cups using one thick coat of PC-12 Blue Midnight as a base. Then three coats of the top coat were applied. Let dry between coats. Josh uses a fan brush to apply the glazes. He says this allows for a more even coverage. AMACO® 46-M, a Cone 5/6 stoneware clay was used to create the cups.
