PMX Magenta

MSDS No: #034 **Date:** 09/16/10

1. Product Identification

Product Name: Magenta

Product Code: 034

2. Hazardous Ingredients

Hazardous Components: Non hazardous

Contains less than 50ppm of lead

3. Physical Data

Boiling Point: N/A

Vapor Pressure: N/A

Vapor Density: N/A

Solubility in Water: Soluble

Appearance & Odor: Red powder

Specific Gravity: N/A

Melting Point: N/A

Evaporation Rate: N/A

4. Fire and Explosive Data

Flash Point: N/A

Extinguishing Media: Water, dry chemical, CO2 or foam

Special Fire Fighting Procedures: Firefighters should be equipped with protective clothing and a self-contained breathing apparatus to protect against potentially toxic and irritating fumes.

Unusual Fire or Explosive Hazards: In case of fire or explosion, keep unnecessary people away. Isolate hazard area and any entry. Stay upwind, out of low areas and ventilate closed spaces before entering.

5. Reactivity Data

Stability: Stable

Incompatibility (materials to avoid): None

Hazardous Decomposition Products: Burning may produce oxides of carbon and nitrogen.

Hazardous Polymerization: Will not occur

6. Health Effects Data

Routes of Entry: N/A

Acute: N/A

Chronic: N/A

Carcinogenic: N/A

Signs & Symptoms of Exposure: may cause respiratory irritation to some people.

Medical Conditions Aggravated by Exposure: N/A

7. Emergency and First Aid Procedures

MSDS **MATERIAL SAFETY DATA SHEET**
RUPERT, GIBBON & SPIDER PO BOX 425, HEALDSBURG CA, 95448 TEL: (707) 433-9577 FAX: (707) 433-4906

Eye Contact: Wash immediately with large amounts of water, occasionally lifting the upper and lower lids until no evidence of product remains. Get medical attention. Do not wear contact lenses while handling.

Skin Contact: Wash immediately with plenty of soap and water. If a temporary skin reaction occurs, it should be treated as allergic contact dermatitis. Launder contaminated clothing before reuse.

Ingestion: If swallowed, do not induce vomiting. Qualified medical personnel should remove the product by gastric lavage and catharsis. Get medical attention.

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. If breathing is difficult, give oxygen. Call a physician.

8. Employee Protection Recommendations

Respiratory Protection: NIOSH approved dust respirator

Ventilation: Use local ventilation if dusting is a problem.

Protective Gloves: Rubber gloves as necessary

Eye Protection: Employees should wear protective eye goggles

Other Protection: This material may be absorbed via the dermal route if prolonged or widespread skin contact occurs. Employees should avoid skin contact by wearing protective clothing. Long sleeve shirts, pants and boots are recommended. Additional protections such as impervious suits are recommended when potential for dermal contact is significant. Employees should wash their hands and face before eating and drinking and shower thoroughly before leaving work. Emergency showers and eye wash stations should be available.

Storage & Handling: Store in a dry place, away from excessive heat, in original or similar waterproof container. Reseal container immediately after use. Avoid unnecessary contact.

9. Spill or Leak Procedures

In Case Material is Released/Spilled: Do not touch or walk through the spilled material. Stop if you can do it without risk. Take up with sand or other non-combustible absorbent materials and place into containers for later disposal. Scrub spilled area with detergent, flush with copious amounts of water.

Waste Disposal Method: Waste disposal should be in accordance with all state, local and federal regulations.

Notice to Reader

The information contained in this MSDS is based on data from sources considered to be reliable but Rupert, Gibbon & Spider Inc. does not guarantee the accuracy or completeness thereof. Rupert, Gibbon & Spider Inc. urges each customer or recipient of this MSDS to study it carefully to become aware of and understand the hazards associated with this product. The reader should consider consulting reference works or individuals who are experts in ventilation, toxicology or fire and understand the data in this MSDS.
