| <p><b>6. Accidental release measures.</b></p> <p>PERSONAL PRECAUTIONS<br/> Use breathing equipment if fumes or powders are released into the air.</p> <p>ENVIRONMENTAL PRECAUTIONS<br/> The product must not penetrate the sewers, surface water, ground water and neighbouring areas.</p> <p>METHODS FOR CLEANING UP<br/> Confine using earth or inert material. Collect as much material as possible and eliminate the rest using jets of water. Contaminated material should be disposed of in compliance with the provisions set forth in point 13.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                              |                         |     |  |       |         |  |            |       |  |            |                                     |  |           |                |  |                |                |  |                  |                |  |                     |                |  |                                        |                |  |     |  |  |                |                |  |              |          |  |                       |                |  |                  |                |  |                   |          |  |                |         |  |                              |               |                         |                         |               |                         |
| <p><b>7. Handling and storage.</b></p> <p>Make sure that equipment is available for cooling the vessels, to prevent the danger of overpressure and overheating in the event of fire in the vicinity. Refer to the other sections of this data sheet for information relating to health and environmental risks.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                              |                         |     |  |       |         |  |            |       |  |            |                                     |  |           |                |  |                |                |  |                  |                |  |                     |                |  |                                        |                |  |     |  |  |                |                |  |              |          |  |                       |                |  |                  |                |  |                   |          |  |                |         |  |                              |               |                         |                         |               |                         |

| <p><b>10. Stability and reactivity.</b></p> <p>The product is stable in normal conditions of use and storage. In the event of thermal decomposition or fire, vapours potentially dangerous to health may be released.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                              |                         |     |  |       |         |  |            |       |  |            |                                     |  |           |                |  |                |                |  |                  |                |  |                     |                |  |                                        |                |  |     |  |  |                |                |  |              |          |  |                       |                |  |                  |                |  |                   |          |  |                |         |  |                              |               |                         |                         |               |                         |
| <p><b>11. Toxicological information.</b></p> <p>According to currently available data, this product has not yet produced health damages. Anyway, it must be handled carefully according to good industrial practices. This product may have slight health effects on sensitive people, by inhalation and/or cutaneous absorption and/or contact with eyes and/or ingestion.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                              |                         |     |  |       |         |  |            |       |  |            |                                     |  |           |                |  |                |                |  |                  |                |  |                     |                |  |                                        |                |  |     |  |  |                |                |  |              |          |  |                       |                |  |                  |                |  |                   |          |  |                |         |  |                              |               |                         |                         |               |                         |
