

ShinHan Art Materials Inc.
Material Safety Data Sheet

1/6

1. Identity Information
Products' Name: SHINHAN TOUCH TWIN MARKER, TOUCH TWIN BRUSH MARKER
Manufacturer's Name: SHINHAN ART MATERIALS, INC.
Address: ShinHan Bldg., 16-24, Bulkwang-Dong, Eunpyeong-Gu, Seoul, Korea
Department: R & D
Telephone number for urgent call: +82 2 357 2651
Fax Number: +82 2 357 7481
2. Composition / Ingredients
Substance/Mixture: Mixture

	LOW	HIGH
Rosin denature Resin	25.00%	25.00%
Ethyl Alcohol	62.30%	74.96%
Metal complex dyes	0.003%	12.500%

This marker ink is a professional artists' product that is not intended for use by children. Keep out of the reach of children

UN Class: Not Applicable(N.A.)
3. Physical / Chemical Characteristics
Appearance / Odor: Various ShinHan colors- Liquid inks / Alcohol- like
Boiling Point: Now known
Specific Gravity(H₂O=1): 0.89
Solubility in water: Moderate
4. Fire and Explosion Hazard Data
Flash Point, Ignition Point: 80°C / 415°C
Lower Flammable Limit: 80°C
Upper Flammable Limit: N/A
Stability and Reactivity: Stable under normal state
Incompatibility(Materials to avoid): None
Hazardous Decomposition or Byproducts: None
Unusual Fire and Explosion Hazards: None
Office Address: ShinHan Bldg., 16-24 Bulkwang-Dong, Eunpyeong-Gu, Seoul, Korea

5. Fire-Fighting Measures

Method: Use powder, carbonic acid gas or alcoholm
Can be used for initial stage. Report to the appropriate authorities to seek for assistance
Prohibit unauthorized persons to enter the area the fire broke out. If the fire started out from the peripheral area, springkle water on nearby facilities to cool off. If they are Movable, transfer it to a safe place promptly.

Extinguishing Media: Water(Foam, Dry powder and Carbon dioxide, if necessary)

6. Health Hazardous Information

Physical hazards: Due to the nature of inflammable liquid, it is prone to form explosive compound with oxygen.
Health hazards: When absorbing steam, it functions as an anesthetic and causes such symptoms as mucus memt irritation, dizziness, numbness, and headache after a constant exposure.

7. First-Aid Measures

Eye contact: Rinse with plenty of water and if necessary consult an eye specialist.
Skin contact: Remove the contaminated clothes immediately. Wash the affected area with large quantities of wa and soap.
Inhaled: Transport the victim in fresh air, keep the victim repose and warm and seek medical help immedia If the victim is not breathing give mouth-to-mouth resuscitation. In case of difficult breathing, admii oxygen inhalations.
Swallowed: Give a plenty of water or salt water. Put fingers down the throat to induce vomit and seek medical immediately. Do not give an unconscious victim anything orally.

8. Regulations

Danger Class: Class 3
Law: In accordance with TSCA, CERCLA(40CFR302.4), SARA(40FCR355.30)

9. Precautions for Safe Handling and Use & Control Mesures

Precautions for Storing and Transpo Inflammable liquid(PGII)

In case of spilling ink: Due to osmatic and volatile nature, remove any possible source of ignition at once.
For small amount, use suitable absorbent such as sand, sawdust and exercise caution in collection or immediately flush it out by large quantities of water.
For large amount, block the flow by materials such as sand; Lead it to a safe place to collect it into a container as much as possible.

Disposal Considerations: Dispose in accordance with State and Federal regulations for flammable liquid.

Respiratory protection: Not usually required but approved respirator may be used.

Local exhaust: Yes.

Mechanical exhaust: Local or room exhaust suggested.

Protective glove: Yes to avoid skin contact.

Eye protection: Chemical goggles or mask to avoid splash.

Work / Hygienic practices: Keep marker and ink containers closed when not in use. Use standard Artist's

Handling and storage:

precautions. Do not spray or air brush without adequate ventilation. Avoid inhalation of mist or spray.

Handling: Do not place it close by or pour it over open flame or sources of ignition to evaporate the liquid unnecessarily. Do not heat the liquid. Always keep the handling site tidy and do not leave any inflammable or oxygenic materials.

Storage: Store in accordance with State and Federal regulation where well-ventilated to avoid steam build-up. Keep away from any sources of ignition or other dangerous locations; Watch the temperature and humidity and store it in cool and dry area out of direct sunlight. It is strictly prohibited to store with the hazardous materials under the State and Federal regulation.

10. Other Information

All information contained herein is for references and guidance for noaml use and not for all conceivable conditions of handling and use.

The responsibility for irregular use belongs to user individuals.
