In accordance with 91/155/EEC

Fibracolor markers / set

Commercial product name: Fibrepen with cone shaped point - vented cap - washable inks

Product n°: 560 100 Colours

Date: 21/04/99

Date of revision: 06/03/98

1 Identification of the substance/preparation and of the company/undertaking

1.1 Identification of the substance or preparation: Fibrepen with cone shaped point - vented cap - washable inks

1.2 Company/undertaking identification: GIODI S.p.A
 C.so Piemonte, 66
 10099 - S.Mauro T.se (TO) - Italia
 Tel.: 011/8951926
 Fax: 011/8950976

2 Composition/information on ingredients

Chemical characterization: item with barrel and cap in polypropilene, plug in polyethylene high and low density, nib in polyethylene, filter in polyester, containing water, polyhydroxyl alcohols, dyes and additives.

Substances presenting a health hazard within the meaning of Dangerous Substances Directive 67/548/EEC.

In accordance with 91/155/EEC

Commercial product name: Fibrepen with cone shaped point - vented cap- washable inks

Product n°: 560 100 Colours

Date: 21/04/99

Date of revision: 06/03/98

3 Hazards identification

na

4 First aid measures

Eye contact: flush with water, if the ink gets in contact with eyes; if irritation persists, consult physician.

Skin contact: wash the exposure skin area with soap and water, if the ink gets in contact with it.

Ingestion: no poisoning danger. Seek medical care for eventual cap removal. The vented cap has sufficient air flow which allows the injured person to reach a medical center in order to proceed with removal.

Inhalation: na

5 Fire-fighting measures

Extinguishing Media: foam or humid fog.

Reccomendations: not complete combustion can produce CO and/or CO₂ or other dangerous products. The firemen must wear the special equipment for combustion accidents.

Product n°: 560 100 Colours

Date: 21/04/99

Date of revision: 06/03/98

10 Stability and reactivity

Combustion can produce CO, CO₂, polypropilene oligomers at low molecular weight.

11 Toxicological information

The item is in conformity to EN71-3 and ASTM D4236 rules.

12 Ecological information

Follow strictly the current normatives and do not waste.

13 Disposal considerations

Waste disposal must be through incineration.

14 Transport information

na
