Princeton® Catalyst® Polytip® Brushes

LONG handle

Another Princeton breakthrough that advances the science of synthetic hair! The tip of each hair has been split to replicate the natural flags on the finest natural bristle, giving each hair two to three distinct tips for holding more paint while providing smoother application. These brushes are super stiff yet extremely responsive. Designed for use with medium- to heavy-bodied acrylics, oil paints, and even heavy gel mediums. Unlike natural Hog Bristle, which can be useless when water-soaked, Catalyst Brushes have real integrity in water.

"I was so excited when Blick came out with Blick Premier Wood Panels as I have been experimenting with pyro-engraved (temperature-controlled wood burning) oil paintings. The surface is soft yet sturdy — the perfect combination for what I have been trying to achieve. Premier Panels are also perfect for my wildlife paintings, to give them a more nature feel."

These panels save you the time and effort of creating your own toned painting grounds. Ideal for oils, alkyds, acrylics, caseins, and waterbased paints, they come pre-primed with a double coating of high-quality gesso, with a slightly toothy texture that allows for excellent brush control. The 1/8" panels are tempered to resist warping, and have beautifully beveled edges. Choose from Mid-Tone Gray or Umber Wash.

Yupo® Synthetic Paper Pads

This special, ultra-bright white, flawlessly smooth "paper" is machine-made of 100% polypropylene. Yupo does not absorb water, which allows the sheet to lie flat, eliminating the need for soaking, stretching, or taping. It also resists tearing and buckling and can withstand heavy erasing or wiping clean. Colors remain true and vibrant, and unique watercolor effects can be achieved because the paint sits on top of the paper. Also a great substrate for acrylic and other paints, drawing, silk screening, debossing, and more. pH-neutral and recyclable. 74 lb (200 gsm). 10 sheets per pad.

FREE SHIPPING on orders of \$99 or more.

Sale prices and free shipping on orders of \$99 or more apply only to this flyer and cannot be combined with any other discount, or used in Blink retail stores. (Some exceptions apply. See below for details.)

The sale prices in this flyer are valid through August 7, 2016, or while supplies last.

SHIPPING METHODS

Depending upon the items ordered and destination, shipments to a residential address may be delivered by the local post office. Oversized or overweight orders may ship via freight line. In those cases average transit times will be extended and a delivery signature is required. Items shipped using FedEx Fast2Day service will be received by the customer in two business days, and will be shipped via air or ground. Please note that hazardous items cannot be shipped to destinations outside the continental U.S.

THIRD-PARTY SHIPPING NOTE

Due to our long-term history of significant shipping volume, Blink has already negotiated very favorable shipping terms with major carriers nationwide for small and large orders, as well as offering free shipping on orders that meet our minimum dollar value. Therefore, it is rarely advantageous to our customers for us to work through a third-party shipping consultant or ship and bill individual or corporate accounts.

FOB FACTORY AND OVERSIZED ITEMS

Items that include "TF" in front of the item number will, in most cases, be shipped directly from the factory and will not qualify for our free freight offer unless otherwise stated. Additional shipping charges do apply for these items. If you have any questions, call **800.828.4548**. Please allow additional time for delivery. Some items shipped directly from the factory may not be available for express shipping.

SHIPPING & HANDLING CHARGES — Merchandise orders totaling \$99 or more ship freight-free via FedEx Best Value whenever possible.

EXCEPTIONS: Additional shipping charges will be added to factory-direct (FOB) shipments, oversized or overweight orders that require lift gate and/or inside delivery, international and U.S. Territory orders, and shipments to Alaska, Hawaii, and Puerto Rico. Shipment of the following stocked art materials will be billed at an additional cost: linoleum rolls; stretched canvas 36" x 36" and larger; any combination of clay, plaster, sand, and molding material totaling 50 lbs or more; packages of foamboard; both Quartet Table-mounted Ingento Cutters; the Blick 906 II Etching Press; the Blick 999 II Etching Press; the Blick Master Etch II Press; the Blick Master Etch II Bench; all kilns; all pottery wheels; and some shelters. Some stocked furniture items will be shipped by truck and billed at an additional cost.

Handling Charge — When ordering sheets of paper or board larger than 18" x 24" in quantities of less than 10, a per order handling fee applies. Paper or boards may be assorted to reach the quantity of 10.

TRUCK SHIPMENT — Delivers your item to your curb or dock. The charge varies and is based on distance, weight, bulk, and other factors. A physical address and destination phone number are required for delivery. The minimum charge is approximately \$110. For an additional \$35 a smaller truck with a lift gate will lower your merchandise from the truck to the ground. For an additional \$25, your order can be moved from the curb to a ground-level location just inside your door. Delivery drivers cannot move items up or down stairs or to a specific location. Uncrating, disposing of packing materials, and installation are not included. Questions? Call **800.828.4548**.

PRICES — All prices are subject to change without notice. We reserve the right to correct typographical errors in our catalogs. Due to volatility in world markets for paper, steel, and energy, it may be necessary for our suppliers to increase prices on some items. We will do our best to absorb these increases, but we may need to increase prices on some of our products as a result. In addition, if product-specific trade tariffs or duties are imposed, we may need to pass those increases along to you as well.

HEALTH & SAFETY

Blick Art Materials cares about your health and safety. An explanation of the icons found in this catalog follows:

Products bearing the AP seal are certified non-toxic and contain no materials in sufficient quantities to be toxic or injurious to humans, or to cause acute or chronic health problems.

Products bearing the CL (Caution Label) seal (or marked with a **!**) contain ingredients that are toxic or hazardous, but they can be used safely if the directions on the container or packaging are followed.

The State of California requires clear and reasonable warnings on products and/or storage containers containing chemicals that have been shown to cause cancer, birth defects, or other reproductive harm, even if they contain only trace levels. These products bear the Prop 65 seal (or are marked with a **!**).
