4. FIRST AID MEASURES

INHALATION: Not likely to be inhaled due to physical form.

EYES: Any material that contacts the eye should be washed out with water. Get medical attention if symptoms persist.

SKIN: Wash with soap and water. Seek medical attention if symptoms occur.

INGESTION: Not probable. If a large amount is swallowed, seek medical attention. Material is not expected to be absorbed from the gastrointestinal tract, so that induction of vomiting should not be necessary.

5. FIRE FIGHTING MEASURES

FIRE FIGHTING: Approved self-contained breathing apparatus and protective clothing should be used for all fires.

EXTINGUISHING MEDIA: Water Spray, dry chemical and foam. Water is the best extinguishing media because of its cooling capacity.

HAZARDOUS COMBUSTION PRODUCTS: Hazardous combustion products may include carbon dioxide, carbon monoxide, hydrocarbon fragments and acrylic monomers.

10. STABILITY AND REACTIVITY

STABILITY: Stable under recommended conditions of storage and handling.

REACTIVITY: Avoid contact with acids, alkalis, and strong oxidizing agents.

11. TOXICOLOGICAL INFORMATION

EYES: Product not considered primary eye irritant, and expected to be a low hazard for usual industrial or commercial handling by trained personnel.

SKIN: Product not considered to be primary skin irritant.

INGESTION: Expected to be a low ingestion hazard.

INHALATION: Product not considered a hazard for usual handling by trained personnel.

GENERAL: Inconsistent data in workers show some evidence that chronic overexposure to amorphous silica dust may cause pneumoconiosis (adverse lung effects). However, generation of sufficient silica dust levels from this material to produce such adverse effects seems unlikely since this component is present at a relatively low concentration, and is tightly bound or encapsulated within the polymer matrix.

12. ECOLOGICAL INFORMATION

Not expected to present any adverse environmental effects.

13. DISPOSAL INFORMATION

Product is not RCRA hazardous waste. Landfill or incinerate in accordance with federal, state or local requirements.
