Revised : August 30, 2016  
Version : 1400 /2\_prop65 en

1. TRADE NAME STABILO® CarbOthello®
2. ARTICLE NUMBER 1400 /... (1412 - 1424 - 1436 - 1448 - 1460 - )
3. SUPPLIER DETAILS STABILO International GmbH Schwanweg 1, D-90562 Heroldsberg Further product information: info@stabilo.com or www.stabilo.com/de/faq Emergency - Hotline: Poison Information Centre Munich Tel.: +49-89-19240
4. PHYSICAL AND SAFETY DATA Wood-cased, pastel color in pencil form, highly pigmented leads with high luminosity and covering capacity. The color application is dry and dusty, therefore ideal for mixing and blending. Aquarellable. A suitable fixing agent is proposed. 60 colors.  When stored and used properly, no hazardous reactions can be expected. In case of fire, carbon monoxide (CO), carbon dioxide (CO <sub>2</sub> ) and with some colors nitric oxides (NO <sub>x</sub> ) will be set free as thermal decomposition products.  When not used properly, the product may stain the skin, mucous membranes or clothing and fabrics. In some materials, the stain might be permanent.  The light-fastness of the colors is different, painting may fade, when exposed to sunlight or direct light. Cf. individual data. The best storage conditions are at room temperature (22 °C) and with controlled humidity (65 % rH). The temperature should not exceed - 5 to + 40 °C.  In case of contact with the eyes, rinse out open eye thoroughly under running water for several minutes. If complaints persist, contact an ophthalmologist.  Based on the Regulation (EC) No. 1907/2006 („REACH“), this commercial product is not a Hazardous substance, a hazardous mixture or a hazardous substance in an article. Therefore a Safety Data Sheet is not required according to article 31 of the REACH Regulation. <b>Proposition 65 WARNING:</b> This product contains a chemical known to the State of California to cause cancer. Pencils with the following color codes shall bear this warning message, because the lead can release titanium dioxide in airborne, unbound particles of respirable size: 100, 105, 210, 221, 311, 330, 435, 440, 450, 545, 620, 681, 690, 692, 695, 700, 704, 706, 708, 720, 724, 726, 770
5. TRANSPORT INFORMATION Not classified as dangerous goods with respect to the transport regulations.
6. ECOLOGICAL INFORMATION / DISPOSAL CONSIDERATIONS The product may be added to the household waste in small quantities. Larger quantities are to be disposed of under compliance with local public authority regulations, e.g. at a suitable waste disposal site or incinerator. The raw-materials, used in the pencil and in the coating, do not have environmental consequences, as they are sufficiently adsorbed in the activated sludge of sewage works and eliminated from the water. The pigments used are not soluble in water. Wood is a natural re-growing material from managed plantations.
7. OTHER INFORMATION The information herein is based on our present state of knowledge and on data considered to be accurate as of the date of preparation of this Product Information and is intended to describe our products from the point of view of safety requirements. However, no warranty of representation expressed or implied is made as to the accuracy or completeness of the foregoing data and safety information. The user assumes all liability for any damage or injury resulting from the abnormal use from any failure to adhere to recommended practises or from any hazard inherent in the nature of the product. The article and its packaging materials contain no substances included on the candidate list according to article 59 (1,10) of Regulation (EC) No.1907/2006 (REACH) in a concentration above 0,1% weight by weight.
