

Section 1. Identification

Product name : Mr. Sketch® Crayons (Scented and Unscented)

Material uses : Writing instruments

Manufacturer : Newell Brands
3500 Lacey Road, 10th Floor
Downers Grove, IL 60515
USA
800-323-0749 or 630-829-2500

Emergency telephone number (with hours of operation) : ProPharma 1-888-786-0972

Section 2. Hazards Identification

Classification of the Product

Product(s) certified as non-toxic by the Art and Creative Materials Institute, Inc. Conforms to ASTM D-4236 standard practice for labeling art materials for acute and chronic adverse health hazards.

GHS label elements

Hazard pictograms : None

Signal word : None

Hazard statements : Product(s) certified as non-toxic by the Art and Creative Materials Institute, Inc.

Precautionary statements

General : Read label before use. If medical advice is needed, have product container or label at hand.

Prevention : Wash hands thoroughly after handling.

Response : IF ON SKIN: Wash with soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs: Get medical attention.
IF IN EYES: Rinse with water. If eye irritation persists: Get medical attention.

Storage : Not applicable. No special requirements.

Disposal : Not applicable. No special requirements.

Hazards not otherwise classified : None known.

Section 3. Composition/information on ingredients

Substance/mixture : Mixture

Ingredient name	%	CAS number
Product(s) certified as non-toxic by the Art and Creative Materials Institute, Inc. Product(s) meet U.S. OSHA GHS Hazard Communication Standard 'consumer product' exemption in 29 C.F.R. section 1910.1200(b)(6)(ix).	100	Not Applicable

Section 4. First aid measures

Description of necessary first aid measures

- Eye contact** : It is unlikely that emergency treatment will be required. Wash with large amounts of water or normal saline until no evidence of chemical remains (at least 15-20 minutes). Get medical attention, if needed.
- Inhalation** : It is unlikely that emergency treatment will be required. Remove from exposure. Get medical attention, if needed.
- Skin contact** : It is unlikely that emergency treatment will be required. If adverse effects occur, wash with soap or mild detergent and large amounts of water. Get medical attention, if needed.
- Ingestion** : Contact local poison control center or physician immediately

Section 5. Fire-fighting measures

Extinguishing media

- Suitable extinguishing media** : Use an extinguishing agent suitable for the surrounding fire.
- Unsuitable extinguishing media** : None known.

Section 6. Accidental release measures

- Environmental precautions** : Avoid dispersal of spilled material and contact with soil, waterways, drains and sewers.

Section 7. Handling and storage

Precautions for safe handling

- Protective measures** : Keep in the original container. Keep closed when not in use.

Section 8. Exposure controls/personal protection

Individual protection measures

- Hygiene measures** : Wash hands after use.

Section 9. Physical and chemical properties

Appearance

Physical state	: Solid containing liquid
Color	: Color Variety
Odor	: Odorless to theme scents
Odor threshold	: Not available.
pH	: Not available.
Melting point	: Not available.
Boiling point	: Not available.
Flash point	: Not available.
Burning time	: Not applicable.
Burning rate	: Not applicable.
Evaporation rate	: Not available.
Flammability (solid, gas)	: Not available.
Lower and upper explosive (flammable) limits	: Not available.
Vapor pressure	: Not available.
Vapor density	: Not available.
Relative density	: Not available.
Solubility	: Ink is soluble.
Solubility in water	: Not available.
Partition coefficient: n-octanol/water	: Not available.
Auto-ignition temperature	: Not available.
Decomposition temperature	: Not available.
SADT	: Not available.
Viscosity	: Ink resembles water.

Section 10. Stability and Reactivity

Reactivity	: Under normal conditions of storage and use, hazardous reactions will not occur.
Chemical stability	: The product is stable.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid	: Avoid all possible sources of ignition (spark or flame). Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.
Incompatible materials	: Strong oxidizers.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products will not be produced.

Section 11. Toxicological information

Information on toxicological effects

Delayed and immediate effects and also chronic effects from short and long term exposure

- Potential immediate effects** : Not available.
Potential delayed effects : Not available.

Section 12. Ecological information

Persistence and degradability

No known significant effects or critical hazards.

- Other adverse effects** : No known significant effects or critical hazards.

Section 13. Disposal considerations

- Disposal methods** : Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Waste packaging should be recycled. Avoid dispersal of material into contact with soil, waterways, drains and sewers.

Section 14. Transport information

- Transport Class** : Not Regulated

Section 15. Regulatory information

- U.S. Federal regulations** : **United States inventory (TSCA 8b)**: All components are listed or exempted.

- California Prop. 65** : This product does not contain Chemicals known to State of California to cause cancer, birth defects, or reproductive harm.

- Federal Hazardous Substances Act Statement** : Per the published Federal Hazardous Substances Act (FHSA) requirements, these products do not require additional labeling

Section 16. Other information

History

- Date of issue/Date of revision** : 5/8/2016.
Date of previous issue : No previous validation.
Version : 1
Prepared by : Product Safety.

Section 16. Other information

The Mr Sketch® Crayons carry the AP Seal. The AP Certification Seal signifies that the product has been examined by an independent, certified toxicologist from Duke University Medical Center as administered through The Art & Creative Materials Institute, Inc. (ACMI). When a product bears the AP seal, it means the examination concluded that no toxins are present in sufficient quantities to be toxic or injurious to people, when used as intended, or to cause acute or chronic health problems. In other words, the product meets the Federal safety standard for art materials. When you see the AP seal imprinted on our product you can be confident that your product is safe.

Since the user's working conditions are not known by us, the information supplied on this safety data sheet is based on our current level of knowledge and on national and community regulations. The mixture must not be used for other uses than those specified in section 1 without having first obtained written handling instructions. It is at all times the responsibility of the user to take all necessary measures to comply with legal requirements and local regulations. The information in this safety data sheet must be regarded as a description of the safety requirements relating to the mixture and not as a guarantee of the properties thereof.
