

# 662395 Sizzix® Framelits™ Die Set - Large Dahlia by David Tutera™

1. Fold desired material in half.

2. Die-cut with the edge of the die slightly overhanging the fold.

3. Die-cut the number of pieces as shown.

4. Shape the petals with the Crease & Curl™ Tool.

5. Shape the stamen with the Crease & Curl Tool.

6. Adhere the flower layers together from the bottom up, alternating the petals.

7. Adhere the stamen to the center of the layered flower.
