BLICK® Studio Pencils

Cover artwork by Nicole Blackburn

Ideal for drawing, illustration, and coloring, Blick Studio Artists’ Colored Pencils feature brilliantly balanced shades for superior blending. Every rich color in the 91-color range is highly pigmented and fade-resistant.

The pre-sharpened 3.8 mm cores are surrounded by round, lacquered casings made from high-quality California cedar. For easy identification, the exterior of each pencil matches the core, and the color name is printed on both ends.

Blick Artists’ Colored Pencils were specially developed incorporating feedback from Colored Pencil Society of America (CPSA) artist members and teachers. The result is a professional-quality colored pencil at an affordable price that has been manufactured to Blick’s exacting standards.

Use Blick Studio Artists’ Colored Pencils for fine art applications — or wherever you need some color.
