Welcome to Blick's **Fall 2015 Materials for Artists Sale** Flyer.

We're pleased to bring you a range of new products this fall, including our new **Blick Studio Brush Markers**. Compatible with our popular **Blick Studio Markers**, they feature both a brush tip and a durable chisel tip. An ergonomic barrel design makes them pleasant to use, too. They come in a range of 95 vibrant colors. We're excited about these new markers, and hope you'll give them a try. Look for them on page 5.

Two more exciting product introductions are our **Blick Premier Artists' Panels** and **Blick Premier Wood Panels**. For those who prefer painting on panels, both offer Blick quality and stability at a great price. Check them out on page 4. You'll find many other new products to try inside, plus a variety of **deals and free offers** in the opening pages.

A long-time advocate of the arts and art education in the U.S., Blick is proud to continue its sponsorship of the **Scholastic Art & Writing Awards**, which recognizes and celebrates the vision, ingenuity, and talent of our nation's creative teens in grades 7-12. More than 300,000 original works were submitted during the 2015 program across 28 categories of art and writing. We congratulate this year's winners, and invite you to visit artandwriting.org/student-showcase/award-winning-works to view the work of these amazing young artists and writers.

M Yupo® Synthetic Paper Pads

This special, ultra-bright white, flawlessly smooth "paper" is machine-made of 100% polypropylene. Yupo does not absorb water, which allows the sheet to lie flat, eliminating the need for soaking, stretching, or taping. It also resists tearing and buckling and can withstand heavy erasing or wiping clean. Colors remain true and vibrant, and unique watercolor effects can be achieved because the paint sits on top of the paper. Also a great substrate for acrylic and other paints, drawing, silk screening, debossing, and more. pH-neutral and recyclable. 74 lb (200 gsm). 10-sheet pads.

Solar Plates

Solar plate is an intaglio printing method that uses UV Light and water as an alternative to traditional etching methods, which use harsh and potentially dangerous chemicals. Simply place an image printed on transparent film on top of the plate, expose it to UV Light for 1-4 minutes, wash with warm-to-hot tap water for 1-3 minutes, allow to dry (or use a hair dryer), and expose the plate to UV light for another three minutes to finish. This non-toxic, waterbased process uses fewer materials, has excellent resistance to solvent ink, and renders excellent, high-resolution prints with sharp details, with both waterbased and alcohol-based inks.

Old Holland® Classic Oils

Old Holland has been making exceptional artist colors since 1664, using the same traditional formulas since the 17th century. Pigments are still ground on stone rather than with steel rollers, then blended with pure, first press linseed oil. For more colors, visit our website.

Golden® Acrylic Gel Mediums

Ranging in consistency from pourable to moldable, with varying degrees of sheen and transparency, Golden Gel Mediums offer artists many ways to build texture. For additional sizes and formulations, visit our website.

Soft Gel Acrylic Medium — Thinner than Heavy Body Acrylic Paint, Soft Gel can be poured from the jar. It's also an excellent glue for collage.

Regular Gel Acrylic Medium — With the same viscosity as Golden Heavy Body Acrylics, this gel extends paint while holding soft peaks. Dries translucent.

High Solid Gel Medium — The thickest of the gels, it holds high peaks and has a high-gloss finish.

Self-Leveling Clear Gel Medium — The thinnest of the gels, it's designed to produce an even film with excellent clarity.

A Blick® Standard Stretcher Bars

These 1-1/2" x 3/4" stretcher bars are made from reforested Brazilian white pine. They are designed so that the canvas is always one half inch from the strip to eliminate "ghost" impressions. The rounded back edges reduce surface friction and allow for a tighter draw of the fabric and a more even painting surface. Price is per strip.

FREE shipping on orders of \$99 or more.

Sale prices and free shipping on orders of \$99 or more apply only to this flyer and cannot be combined with any other discount, or used in Blick retail stores. (Some exceptions apply. See below for details.)

The sale prices in this flyer are valid through October 18, 2015, or while supplies last.

SHIPPING METHODS

Depending upon the items ordered and destination, shipments to a residential address may be delivered by the local post office. Oversized or overweight orders may ship via freight line. In those cases average transit times will be extended and a delivery signature is required. Items shipped using FedEx Fast2Day service will be received by the customer in two business days, and will be shipped via air or ground. Please note that hazardous items cannot be shipped to destinations outside the continental U.S.

THIRD-PARTY SHIPPING NOTE

Due to our long-term history of significant shipping volume, Blick has already negotiated very favorable shipping terms with major carriers nationwide for small and large orders, as well as offering free shipping on orders that meet our minimum dollar value. Therefore, it is rarely advantageous to our customers for us to work through a third-party shipping consultant or ship and bill individual or corporate accounts.

FOB FACTORY AND OVERSIZED ITEMS

Items that include "QF" in front of the item number will, in most cases, be shipped directly from the factory and will not qualify for our free freight offer unless otherwise stated. Additional shipping charges do apply for these items. If you have any questions call 800.828.4548. Please allow additional time for delivery. Some items shipped directly from the factory may not be available for express shipping.

SHIPPING & HANDLING CHARGES – Merchandise orders totaling \$99 or more ship freight-free via FedEx Best Value whenever possible. EXCEPTIONS: Additional shipping charges will be added to factory-direct (FOB) shipments, oversized or overweight orders that require lift gate and/or inside delivery, international and U.S. Territory orders, and shipments to Alaska, Hawaii, and Puerto Rico. Shipment of the following stocked art materials will be billed at an additional cost: linoleum rolls; stretched canvas 36" x 36" and larger; any combination of clay, plaster, sand, and molding material totaling 50 lbs or more; packages of foamboard; both Quartet Table-mounted Ingento Cutters; the 906 II Etching Press; the 999 and 999 II Etching Presses; the Master Etch Press; the Master Etch II Press; the Master Etch Bench; all kilns; all pottery wheels; and some shelters. Some stocked furniture items will be shipped by truck and billed at an additional cost. **Handling Charge** — When ordering sheets of paper or board larger than 18" x 24" in quantities of less than 10, a \$3.00 per order handling fee applies. Paper or boards may be assorted to reach the quantity of 10.

TRUCK SHIPMENT — Delivers your item to your curb or dock. The charge varies and is based on distance, weight, bulk, and other factors. A physical address and destination phone number are required for delivery. The minimum charge is approximately \$110. For an additional \$35 a smaller truck with a lift gate will lower your merchandise from the truck to the ground. For an additional \$25, your order can be moved from the curb to a ground-level location just inside your door. Delivery drivers cannot move items up or down stairs or to a specific location. Uncrating, disposing of packing materials, and installation are not included. Questions? Call 800.828.4548.

PRICES — All prices are subject to change without notice. We reserve the right to correct typographical errors in our catalogs. Due to volatility in world markets for paper, steel, and energy, it may be necessary for our suppliers to increase prices on some items. We will do our best to absorb these increases, but we may need to increase prices on some of our products as a result. In addition, if product-specific trade tariffs or duties are imposed, we may need to pass those increases along to you as well.

HEALTH & SAFETY

Blick Art Materials cares about your health and safety. An explanation of the icons found in this catalog follows:

Products bearing the AP seal are certified non-toxic and contain no materials in sufficient quantities to be toxic or injurious to humans, or to cause acute or chronic health problems.

Products bearing the CL (Caution Label) seal (or marked with a) contain ingredients that are toxic or hazardous, but they can be used safely if the directions on the container or packaging are followed.

The State of California requires clear and reasonable warnings on products and/or storage containers containing chemicals that have been shown to cause cancer, birth defects, or other reproductive harm, even if they contain only trace levels. These products bear the Prop 65 seal (or are marked with a).

Products marked with a carry both the CL and Prop 65 label.

Blick® Premier Belgian Linen Canvas — 1-3/8" Profile

A combination of luxurious, flax-based fibers and expertly applied oil primer results in the ultimate oil painting support. Extremely smooth, 6.5 oz medium texture linen is picked, pumiced, and woven by hand in Belgium — world-renowned for quality — then imported to the USA where it is meticulously primed by hand with three coats of oil primer to a 10 oz finished weight. It's then hand-stretched and back-stapled around high-density hardwood stretcher bars with reinforced tenon corners for strength.

Made from professional-grade, medium texture, 100% cotton duck, Blick Premier Heavyweight Cotton Canvas is triple-primed with acid-free, bright white acrylic titanium gesso to reach a hefty 20 oz finished weight — perfect for heavier paint applications in oil or acrylic. Every canvas is gallery wrapped and back-stapled with blanket-fold corners. Stretchers are high-density pine, and eight keys are included for minor adjustments to the frame over time.

UP TO 68% OFF LIST PRICE

- Substantial 15 oz finished weight for lasting quality and stability
- Double acrylic-primed for oil or acrylic painting
- Archival and acid-free
- Choose from three profiles

Our premier-quality canvas is designed for archival stability and durability. A substantial, medium texture, 10 oz 100% cotton canvas is double-coated with acid-free acrylic titanium gesso to reach a finished weight of approximately 15 oz. It is then stretched by hand around kiln-dried, solid wood stretchers that are heftier than the competition's and guaranteed not to warp or twist.

BLICK® PREMIER COTTON GALLERY PROFILE CANVAS — NOW WITH YOUR CHOICE OF TWO STRETCHING METHODS!

1. Back-Stapled

Back-stapled canvases are gallery-wrapped with uncut corners and generous selvage, which allows for future restretching on a larger frame if desired. Keys are included for tension adjustments over time.

2. Splined

Splined canvases have a rubber gasket that holds the fabric neatly in place. They hang tight to the wall and are often preferred by artists who display their work unframed.

Forget about time-consuming preparation and get right to work! Blick Studio Canvas begins as a medium weight (7 oz), pre-primed, 100% cotton duck canvas — then we add three additional coats of acid-free gesso to create a smooth, archival surface with a 10.5 oz finished weight. Finally, we hand-stretch and hand-staple it around solid wood stretcher bars in your choice of three profiles — Traditional, Gallery, or Museum.
